

Throwin' It Down

Kazzer

Why why must I prove myself for every time that I rhyme
come with elements your thoughts irrelevant smokin' emcees with ease just like a summer breeze
what's it all mean what's it all mean it's elementary I'm representin' each scene
each turn each twist of the culture watch me like a hawk or wait it out like a vulture
put me to the test I'm a set it off right control the crowd and keep the people hype
real emcees around the world unite hip hops more than music it's my way of life

When you see allot of people movin' around and bobbin' their heads when surround sound pounds
up and down up and down and get your feet off the ground that's when I'm throwin' it down
that's when I'm throwin' it down
When you see allot of people movin' around and bobbin' their heads when surround sound pounds
up and down up and down and get your feet off the ground that's when I'm throwin' it down
that's when I'm throwin' it down

I will never let you down 'cause I'm never lettin' up
fed up with what I'm hearing nowadays on radio waves
throw new craves away bye bye I'm bringin' it back with the new style of rhyme
pet peeve can't stand people who bite artists with indigestion need a lesson swift with the gift top of the list never miss on point tactics can't step to this
it's a full time job and I'm an A-class worker ain't got the skills get your ass out the circle
actions speak louder than words this is for all the b-boys and b-girls

When you see allot of people movin' around and bobbin' their heads when surround sound pounds
up and down up and down and get your feet off the ground that's when I'm throwin' it down
that's when I'm throwin' it down
When you see allot of people movin' around and bobbin' their heads when surround sound pounds
up and down up and down and get your feet off the ground that's when I'm throwin' it down
that's when I'm throwin' it down

I'm throwin' down throwin down right now
I'm throwin' down throwin down right now

I'm always on top of the situation with the lyrics that I spit I'm here to rock the nation
those with close minds be runnin' out of luck be that crazy canuck who just don't give a fuck
everybody's always glorifyin' their rhymin' capitalists up in the spotlight shining
time that I knocked you off your high saddle 'cause in hip hop sometimes it's all about the battle
I take my negativity reverse the polarity strike emcees' careers become my n

ew charity

step back and let the folks soak in in steppin' up let the suicide mission begin

When you see allot of people movin' around and bobbin' their heads when surround sound pounds

up and down up and down and get your feet off the ground that's when I'm throwin' it down

that's when I'm throwin' it down
