

## Church Clap

KB

Gimme that God Almighty  
That good ol' Bible  
That old school doctrine  
Gimme that truth for the body  
Ain't nothing new about it  
But it's still full of power

Now church clap, let me hear the church clap (church clap)  
Gimme dat, church motha and they church hat, clap  
Man that Shug Avery Color Purple comin back, clap uhh  
When that whole week beat you up and stress ya  
But you hear that organ playin it remind ya of ya blessings  
And on another note, she just hit another note  
Chills down my spine, got me cryin, make me over Lord  
You don't know about us though, old school church hymms  
Deacons get to hummin now the drummer finna burst in  
(Lordy, lordy, LORD) Can you hear me now  
Church clothes sweaty, you don't care you just get it now  
Testify, how we made martyrs outta these fathers and rose up al  
l of his daughters to glorify Him with honor  
Man I swear I saw Miss Jones with her hair did  
Now its flyin everywhere she don't care what her head did  
She an heir, yea  
Caught up in the air, yea  
Probably why she clappin like Jesus just hear her prayer, yeah

I wanna be the type of dude to get the Lord on his feet  
I wanna do the type of shows that the Lord wanna see  
And what I mean, if I could make the whole church clap  
but ain't a clap in the heavens then that clap just a clap, cla  
p  
For the son glorified, sin mortified  
The Holy Spirit's going Word of Truth been watered down  
It sound doctrine, Spurgeon and common uh  
Nothing wrong with singing loud but that ain't where the power'  
s at  
For too long the church churches been clappin at weak sermons  
Leavin the weak hurt, no one's changed by Sunday's service  
We need discernment, check what you be affirmin  
Cause a church can be full of members but empty in conversions  
Preach the gospel, and stand back  
Look for change lives not for hand claps  
Love people well, Oh they can't stand that  
The church just a church when the word is where we stand at
