

I Like To Do It

KC and The Sunshine Band

I baby I
I like to do it
With you
I baby I
I like to do it
With you
I like to boogie down all night long
I like to do it with you
I like to shake it up
Shake it down
Do it with you
I baby I
I like to do it
With you
I baby I
I like to do it
With you
I like to take you uh round the world
Do it with you
I'd like you to be my one and only girl
Do it with you
I baby I
I like to do it
With you
I baby I
I like to do it
With you
Oh yeah yeah yeah
Do it with you
Oh yeah baby
Do it with you
Aw
Do it with you
Do it with you
I like to do it with you
I like to do it with you
I like to do it with you
I like to do it with you
I like to do it with you
I like to do it with you
I like to do it with you
I like to do it with you
I like to do it with you...
