

# Dirrtylicious

Keane

Zane Lowe, can you handle this?  
Chris Moyles, can you handle this?  
Jo Whiley, can you handle this?  
I don't think she can handle this (woo!)

Oh, I'm overdue  
Gimme some room, coming through  
Pay my dues, in the mood  
Me and my girls gonna shake the room  
DJ's spinning, show your hands  
Let's get dirrty, that's my jam  
I need that, uh, to get me off  
Sweat until my clothes come off

I don't think you're ready for this jelly  
I don't think you're ready for this jelly  
I don't think you're ready for this  
Cos my body's too bootylicious for you babe

Colin, can you handle this?  
Edith, can you handle this?  
Scott Mills, can you handle this?  
I don't think you can handle this (woo!)

Ah, heat is up  
So ladies fellas, drop your cups  
Bodys packed, front to back  
Now move your ass, I like that  
Tight hip-huggers, low for sure  
Shake a little something, on the floor  
I need that, uh, to get me off  
Sweat until my clothes come off

I don't think you're ready for this jelly  
I don't think you're ready for this jelly  
I don't think you're ready for this  
Cos my body's too bootylicious for you babe  
I don't think you're ready for this jelly  
I don't think you're ready for this jelly  
I don't think you're ready for this  
Cos my body's too bootylicious for you babe

Here it comes, it's the one you've been waiting on  
Get up, get it up, yup, that's what's up  
Giving just what you love to the maximum  
Uh oh (uh oh), here we go (here we go)  
You can tell when the music starts to drop  
And that's when we take it to the parking lot  
And I bet you somebody's gonna call the cops  
Uh oh (uh oh), here we go (here we go)

I don't think you're ready for this jelly  
I don't think you're ready for this jelly  
I don't think you're ready for this  
Cos my body's too bootylicious for you babe  
I don't think you're ready for this jelly  
I don't think you're ready for this jelly
