

## Crapped Out Again

Keb' Mo'

Flat broke and busted, it just don't seem fair  
The Man in Heaven, don't hear my prayer  
And these dice are loaded, and I still can't win  
Flat broke and busted, crapped out again

Maybe tomorrow, I'll see the light  
And I'll know the difference, tween wrong and right  
My ship is out there, but it can't come in  
Flat broke and busted, crapped out again

refrain

And now I'm hangin on tight, to the end of my rope  
Somebody call me a preacher, yeah, let's call the Pope  
Just the flip of a coin, the turn of a card  
I'll be back up on top, damn, I'll be livin' large

instrumental break blues harp 4 bars  
My ship is out there, but it can't come in  
Flat broke and busted, all crapped out, crapped out again
