

I'm on Your Side

Keb' Mo'

Get with me baby
I'm on your side
Get with me baby
I'm on your side

Well there's a change
In the weather
Change of time
But I'm a stubborn man
I won't change my mind
Get with me baby
I'm on your side

Talk to me baby
I'm on your side
Talk with me baby
I'm on your side

I don't wanna argue
Sure don't wanna fight
Just tell me what's wrong
And let me make it alright
Get with me baby
I'm on your side

I'll be your sugar daddy
Just call on me
I'll be your vigilante
If that's what you need baby
What I need to be girl

Get with me baby
I'm on your side
Get with me baby
I'm on your side

Now I don't wanna own you
Like a private property
Come on baby
Just be nice to me
Get with me baby
I'm on your side

Get with me baby
I'm on your side
