

# Infinite Eyes

Keb' Mo'

Every ray of sunshine,  
Every drop of rain,  
Every time the wind blows,  
I hear your name.

Every time a flower grows  
Or a baby cries,  
Everything that's young and old  
will live and die.

and I don't know whats out there  
way behind the sun  
and I got a feelin'  
that we're not the only ones

And I can see miracles happnin' all the time  
And I can see eternity through infinite eyes

And I was just a thinkin',  
just the other day,  
about some other universe, not so far away.  
maybe I'm an alien from a neighborhood star  
or maybe I'll just fly away on a slide guitar.

I don't know whats out there  
way behind the sun  
and I got a feelin'  
that we're not the only ones.

And I can see miracles happnin' all the time  
I can see eternity through infinite eyes.

I don't know whats out there  
way behind the sun  
and I got a feelin'  
that we're not the only ones.

And I can see miracles happnin' all the time  
I can see eternity through infinite eyes.

through infinite eyes...

through infinite eyes...
