

Loola Loo

Keb' Mo'

(Huh)

I'm looking out my window
Feeling kinda blue
I aint heard from my baby
Did she find somebody new

So I called up her number
And her number had changed
So I climbed up to the mountain
And I screamed out her name

I said hey, hey, hey, hey
My, my, Loola-loo
Loola-loo don't leave me
I will do anything for you
Loola-loo you make me feel so fine
Loola-loo I need you
Don't take your love away
Loola-loo, oh woman don't make me cry
Don't make me cry

I stood out on the corner
I walked up and down the street
Looking for my Loola
With that smile so nice and sweet.

I'm not going to hide it
My love just keeps on growing
Cos she looks so good to me
Wether she's coming or she's going

I said hey, hey, hey, hey
My, my, Loola-loo
Loola-loo don't leave me
I will do anything for you
Loola-loo you make me feel so fine
Loola-loo I need you
Don't take your love away
Loola-loo, oh woman don't make me cry
Don't make me cry

Well maybe she just needs some time alone
Or maybe my little Loola's heart
Has suddenly turned to stone

I cant give up on Loola
I've got to take a stand
So I wrote this little letter
And I gave to the postman
It said Baby, please call me
Please drop me a line
Cmon throw an old dog a bone
I need to know if you're still mine

I said hey, hey, hey, hey
My, my, Loola-loo
Loola-loo don't leave me

I will do anything for you
Loola-loo you make me feel so fine
Loola-loo I need you
Don't take your love away
Loola-loo, oh woman don't make me cry
Don't make me cry

My, my, Loola-loo
Loola loo
My, my, Loola-loo
