# Come Hell or High Water

**Keel**

Rolling down the highway in the dead of the night
Head-on into a hurricane
Thunder and lightning ready to strike
Fade first into a hard rain

I ain't wastin' no time dancing on a fault line
Waitin' for an earthquake
Straight into the eye of the storm
Ain't afraid of gettin' blow away

As far as I can see
We're in a state of emergency
On the edge of a tidal wave
There might be hell to pay
But nothing's gonna get in my way
Come hell Or High Water

Come hell Or High Water
Come hell Or High Water

Running from the devil just a hard as I can
Straight into a wildfire
If it's Mt. St. Helens or just Armageddon
The flames are gettin' higher

Tonight I'm throwing caution into the wind
A twister full of sleet and hail
Headed for disaster? can't go any faster
8.8 on the Richter scale

I know that this could be
One hell of a catastrophe
We might get swept away
There might be hell to pay
But nothing's gonna get in my way

Come hell Or High Water
I'm gonna find my way to you
Come hell Or High Water
I'll do what I gotta do
Come hell Or High Water
