

Dreams Are Not Enough

Keel

I keep dreaming - of the feeling
Just want to reach out and hold you
Through the long night - chasing starlight
I'm haunted by visions of you

I know you're somewhere out there
And it's just not fair

I want you - I need you
And dreams are not enough
I need to really see you
Because dreams are not enough

Well, I'm a gambler & a Rambler
But my heart just won't let you go
I'll keep trying - I'm not lying
If only I could let you know

There's something special about you
I don't want to go on without you

I want you - I need you
And dreams are not enough
I need to be with you
Because dreams are not enough

I know you're somewhere out there
And it's just not fair - no baby

There's something special about you
I don't want to go on without you, baby

I want you - I need you
And dreams are not enough
I need to really see you baby
Because dreams are not enough
