

# Gimme That

Keel

Gimme that song that takes me home  
Gimme the music - bring it on  
Gimme that

Take me back where I belong  
Give me a reason to carry on  
Gimme that - aw, gimme that

Give me a war that I can win  
Give me something to believe in  
Gimme that - just gimme that

Give me a beer that's good and cold  
Give me a love that never grows old  
Gimme that

Gimme that road that leads to you  
Gimme the word? gimme the truth  
Gimme that - just gimme that

I want a cause worth fighting for  
I want a life worth dying for  
Gimme that - just gimme that, now

I want a party that lasts all night  
Give me a woman that'll treat me nice  
Gimme that

Give me the time to make things right  
Give me a dream that never dies  
Gimme That - yeah gimme that

Give me a war that I can win  
Give me something to believe in  
Gimme that - just gimme that
