

# Raised on Rock

Keel

In my blood  
Alright

Well, some people are born to lose  
And some are born to win, born to win  
But I was born with the radio on  
And it ain't been turned off since

I was weaned on metal  
I was breast-fed booze  
Vaccinated with rock and roll  
I was immune to the blues

Cause I was raised on rock  
I was raised  
Raised on rock  
Raised on rock  
I never want to stop  
I was raised  
Cause I was raised on rock

I dropped out of high school  
High school  
I never needed to go  
I never needed to go  
They couldn't teach me 'bout rock and roll  
Rock and roll  
What I didn't already know  
Didn't already know

I never held down a job  
I never had the time, got no time  
You're free to live your own life  
So don't tell me how I should live mine

Cause I was raised on rock  
Don't you know that  
I was raised on rock  
Raised on rock  
Raised on rock  
I never want to stop  
Never gonna stop  
Cause I was raised on rock

Cause I was raised on rock  
Raised on rock  
Raised on rock  
Raised on rock  
I never want to stop  
Raised on rock  
Cause I was raised on rock

Raised on rock  
Raised on rock  
Raised on rock  
Raised on rock  
Raised on rock

Raised on rock  
Raised on rock  
Raised on rock  
Raised on rock  
Raised on rock
