

## Rock and Roll Animal

Keel

I feel the heat beneath my feet  
I get the urge as my target moves into sight  
The hunting ground is all around  
The city streets are a jungle in the heat of the night

As my passion starts to grow  
My instincts start to show  
The animal inside  
Has got nowhere to hide

Rock And Roll Animal  
The music is my prey  
I'm a Rock And Roll Animal  
Don't get in my way  
Don't get in my way - oh no

Dynamite - the feeling's right  
I'm in for the kill - so let me out of my cage  
I stake my claim - and you're the game  
The tension mounts as I unleash my rage - yeah

And I'm on the prowl tonight  
My fire's burning bright  
The animal inside  
Has got nowhere to hide

Rock And Roll Animal  
The music is my prey  
I'm a Rock And Roll Animal  
Don't - don't - don't get in my way, yeah
