

Speed Demon

Keel

Ninety miles an hour
And I can feel the power
Shake my wheels

As I hit one hundred
I find out just how good
The road can feel

It's all I need
To get to where I'm going fast

Speed demon
I can hear the highway scream
Speed demon
Can you feel the thrill of my machine

It takes you to the edge
And drives you home
Takes you to the limit
Eats you up and cuts you to the bone

It's all I need
To get to where I'm going fast

Speed demon
I can hear the highway scream
Speed demon
Can you feel the thrill of my machine
Feel it down

Speed demon
I can hear the highway scream
Speed demon
Can you feel the thrill of my machine

Speed demon
I can hear the highway scream
Speed demon
Can you feel the thrill of my machine
