

## Dryland

Keep of Kalessin

I have opened the door that had  
been shut since the beginning of time  
Alone of all men in all time  
I am lord of the two lands  
I have opened the doorway  
between the light and the darkness,  
and became stronger than death itself  
You should follow the undying one...  
Come, Come...  
Over the mountain which has no name but pain  
Beneath the black sky where stars don't shimmer  
In the dryland  
I am the one beeconing  
I am the tall lord of shadows  
you have followed to your own end  
Come, Come...
