

## Final Moments

Keepsake

I see nothing  
As darkness envelops me

Light can not penetrate  
My reality is laid to rest  
Our eyes never meet (2x)

But I feel it's presence  
A piercing stare burns through me  
How long do I have to wait  
Before they're taken from me  
How long do I have to wait  
Before they're used to destroy me

Light can not penetrate  
My reality is laid to rest  
Our eyes never meet (2x)

Can this fatal bond  
Be dissolved  
Before I'm left in ruins  
It seems so hopeless  
But now at last

The final cut has been made  
My blood has been devoured  
I'm reduced to nothing  
Satisfied it moves on (2x)
