

## Third Wish

Keepsake

I, I wish, I  
Could be alone  
With you for one last time

When I left I gave you back  
My only symbol of our love  
You promised me one thing  
Please hold yourself to that

The things that I  
Would say to you  
Would spark  
The flame that once  
Burned so bright

My only symbol of our love  
You promised me one thing  
Please hold yourself to that

The things that I  
Would say to you  
Would spark  
The flame that once  
Burned so bright

When I left I gave you back  
My only symbol of our love  
You promised me one thing  
Please hold yourself to that

The things that I  
Would say to you  
Would spark  
The flame that once  
Burned so bright
