Lost In This Moment

Keith Anderson

I see your momma and the candles and the tears and roses I see your daddy walk his daughter down the isle I feel my knees start to tremble as I tell the preacher Don?t she look beautiful tonight

All the wonderful words in my head I?ve been thinking You know I wanna say ?em all just right I lift your veil and angels start singing Such a heavenly sign, yeah

Lost in this moment with you I am completely consumed My feeling's so absolute There?s no doubt

Sealing our love with a kiss Waited my whole life for this Watching all my dreams come true Lost in this moment with you

I smell the jasmine floating through the air like a love song Watch my words draw sweet tears from your eyes
Bow our heads as the preacher talks to Jesus
Please bless this brand new life, yeah

Lost in this moment with you I am completely consumed My feeling's so absolute There?s no doubt

Sealing our love with a kiss Waited my whole life for this Watching all my dreams come true Lost in this moment with you, yeah

Lost in this moment with you I am completely consumed My feeling's so absolute There?s no doubt

Sealing our love with a kiss Waited my whole life for this Watching all my dreams come true Lost in this moment with you

Lost in this moment with you I am completely consumed My feeling's so absolute There?s no doubt

Lost in this moment with you I am completely consumed My feeling's so absolute Lost in this moment with you

Lost in this moment with you I am completely consumed

My feeling's so absolute
Lost in this moment with you

Lost in this moment with you I am completely consumed My feeling's so absolute Lost in this moment with you
