

Somebody Needs A Hug

Keith Anderson

I think it's safe to say,
You've had a bad day..
And something even tells me I should stay away,
But I can't!-I'm living dangerously!
Hey, baby, call me crazy, I think I know what you need,
Girl, I got your remedy.

Somebody needs a hug!
A little personal attention;
Some good ol' loving and affection,
Yeah, I'm talkin' full body,
Good lord o' mighty, WOO-come and get you some!
You need to be wrapped up, snug as a bug in a rug,
A big ol' teddy bear squeeze,
Where you can barely breathe;
Somebody needs a hug.

I see you're not convinced,
You're still on the fence,
And I'd be wise to disappear if I had any sense;
But I don't!-No, obviously!
I think I can fix it,
Baby, don't resist it,
Darlin', it's so easy to see...

Somebody needs a hug,
A little personal attention.
Some good ol' lovin' and affection,
Ooh, yeah, I'm talkin' full body,
Good lord o' mighty, WOO-come on and get you some!
You need to be wrapped up, snug as a bug in a rug,
A big ol' teddy bear squeeze,
Where you can barely breathe;
Somebody needs a hug.

Ooh, that's what I'm talkin' about.

A little snuggle time.

You start to smile, and you're bitin' your lip,
And girl I know what that means.
You're walkin' over,
You're gettin' closer,
Looks like you finally see.

Somebody needs a hug!
A little personal attention.
Some good ol' lovin' and affection;
Oooh, I'm talkin' full body,
Good lord o'mighty, WOO-come on and get you some!
You need to be wrapped up,
Snug as a bug in a rug;
Big ol' teddy bear squeeze,
Where you can barely breathe;
Somebody needs a hug.
Big ol' teddy bear squeeze,
Where you can barely breathe;

Somebody needs a hug!
Woooohh...hug me!
