

# Demon

Keith Richards

I'm just letting you in  
Maybe you know  
Let me tell you something  
It's painful to say  
Which way to go  
I don't know

Demon in me  
Demon in me  
I can't live without it

Every river must flow  
Shine the light  
I want you to stay  
But I'm forcing you out  
I can't express it  
It's such a mess

Demon in me  
Demon in me

Between you and me

Demon in me  
Demon in me

I'm warning you up  
Cause you slide on my mind  
Hammers on my heart  
Show me which way to go  
I don't know

It's livin' in me  
The demon in me

Demon in me  
Demon in me
