I'll Give All My Love To You

Keith Sweat

Baby, baby, baby
My, my, my, my baby
I love you, baby
Yes, I do

I love you in the night
I wanna take it real slow, baby
I understand what you told me
And if I, I didn't know

I always wanted someone just like you
I really need to hold on, hold you
I'd give the world baby, to you, my darlin'
You know I will

I will never do anything to hurt you
I'll give all my love to you
And if you need me, baby, I'll come runnin'
Only to you

And why don't we just lay down
And hold each other real close, real close
'Cause I, I don't wanna rush you, baby, no
If time is what you need the most

I always wanted to love, love you
You can make all my dreams come true
And I want to love you, oh, my darlin'
You know I do, this love is waitin' over you

I will never do anything to hurt you
I'll give all my love to you
And if you need me, baby, I'll come runnin'
Only to you

Girl, let's make love tonight

Sometimes, I get a little lonely, baby
And I need a little love that I can call all mine
Girl, you are the one for me, babe
I know that you are the world for me, babe

I will never do anything to hurt you
I'll give all my love to you
And if you need me, baby, I'll come runnin'
Only to you
