

Right And Wrong Way

Keith Sweat

You may be young but you're ready
-Ready to learn
You're not a little girl, you're a woman
-Take my hand
Let me tell you baby
I'm yours for the taking
So you can
-Do as you please
Don't take my love for granted
You're all I
-I'll ever need
Hold me, in your arms
And never let me go

There's a right and a wrong way to love somebody
There's a good and a bad way to love somebody
You do me good

Don't play no silly games with me baby
-Oh no its just not my thing
All is need is for you to love me
-Hold me tight baby with the joy you can bring
Take me I'm yours
I'm willing
Hold me in your arms hey baby
-Don't wanna let you go
You, you're all I need in this world
You got to know
You better know
You better know right now baby
