

## Right And Wrong Way

Keith Sweat

You may be young but you're ready  
-Ready to learn  
You're not a little girl, you're a woman  
-Take my hand  
Let me tell you baby  
I'm yours for the taking  
So you can  
-Do as you please  
Don't take my love for granted  
You're all I  
-I'll ever need  
Hold me, in your arms  
And never let me go

There's a right and a wrong way to love somebody  
There's a good and a bad way to love somebody  
You do me good

Don't play no silly games with me baby  
-Oh no its just not my thing  
All is need is for you to love me  
-Hold me tight baby with the joy you can bring  
Take me I'm yours  
I'm willing  
Hold me in your arms hey baby  
-Don't wanna let you go  
You, you're all I need in this world  
You got to know  
You better know  
You better know right now baby
