It's a Love Thing

Yeah, yeah Ooh it's a love thing I been working all day long And I'm ready to come on home to you All the other guys roll their eyes And don't realize it's what I want to do It's what I want to do They say I'm wrapped around your finger But they don't understand That what we got is more than just a diamond On your hand

Baby it's a love thing, whoa Baby it's a love thing, yeah

Sure I could hang around and complain about The way things ought to be Yeah there's trouble in the world But you're the girl Whose open arms are all I really need And that's why I come runnin' To be there by your side To let 'em call me crazy But it can't be denied

Baby it's a love thing, whoa Baby it's a love thing, yeah

And it's not about the same last name It's not a thing that can be explained It's how you make me feel inside And the way you hold me everynight

It's a love thing, whoa
Oh baby, it's a love thing, yeah

He we go now It's a love thing

They say I'm wrapped around your finger But they don't understand That what we got is more than just a diamond On your hand Baby it's a love thing, whoa Oh baby it's a love thing, yeah Come on it's a love thing, whoa Oh baby, It's a love thing, yeah Oh, it's a love thing, whoa Oh sugar, it's a love thing No it ain't about no diamond ring It's a love thing, whoa Oh baby it's a love thing, yeah It's a love, it's a love, it's a love thing
