Put You in a Song

Keith Urban

Well here you come again and you're lookin' so fine You don't notice me but it's alright I'm just a guy who wishes that I could be your man someday Yeah a picture paints a thousand words it's true But it's still not enough for how I feel about you I wanna put you in a melody, I gotta set you to a groove I wanna put you in my car and drive And turn you up loud, roll down all the windows and shout it ou t I love this girl oh If I could press play, repeat how happy I'd be Wherever I'd go I'd have you there with me You'd be right where you belong I wanna put you in a song, oh oh oh Well I'd sing about your smile and your pretty blue eyes The way your hair shimmers in the sunlight It'd be so easy I'd just write it from my heart 'Cause I gotta tell the world what you mean to me Wrap you up in a melody so you'll be Stuck in my head all day 'Cause you're already there anyway, yes you are I wanna put you in my car and drive And turn you up loud, roll down all the windows and shout it ou t I love this girl If I could press play, repeat how happy I'd be Wherever I'd go I'd have you there with me You'd be right where you belong I wanna put you in a song And if I get it right everybody will be singing along yeah And when they see you on the street they'll say Hey ain't you the girl in that song I wanna put you in my car and drive And turn you up loud, roll down all the windows and shout it ou t I'm in love with this girl Yeah if I could press play, rewind a couple million times Imagine for a moment that you're all mine Every night I'd drive you home If I could put you in a Let me put you in a song Let me put you in a song Oh a pretty little song about you baby
