Right On Back to You

Keith Urban

The rains coming down hard tonight,
Pull the car over
Now I'm sitting alone on the roadside

I tilt the mirror down and say to me,
Why you always think the answers gotta be,
To just leave

I'm making the same mistake
I'm hoping its not too late
Because I

[Chorus]
I don't know where id be without you now
I guess I get scared and that's why I act like such a fool
Cause you're the one thing I can't lose
I feel the tears coming
And I wanna cry
I think of us baby
And all the love inside comes shining through
And it always leads me right on back to you

I never felt it,
I never knew
Someone who could get inside my soul the way you do,
Yes you do

Yeah you got me in the palm of your hands
Its beautiful and terrifying,
can't you see
For someone like me

But instead of running in,
I know
Its when I should hold you closer
Because I

[Chorus]

I don't know where id be without you now
I guess I get scared and that's why I act like
Such a fool
Cause you're the one thing I can't lose
I feel the tears coming
And I wanna cry
I think of us baby
And all the love inside comes shining through
And it always leads me right on back to you

Cause nobody's ever loved me
Like you
And I was born to be your man forever

Forever baby

Yeah
I feel the tears coming

And I wanna cry
I turn the car around
And put it in drive
And I know what to do
Gonna come on back,
Come on back to you
Yeah

Oh, oh baby
Gonna come on back,
Come on back to you

Cause I can't live without you,
I can't breathe without you

Yeah
And I'm nothing, I'm nothing
Without you
Yeah

I was a fool, I was a fool baby
