

She's My 11

Keith Urban

Im a lucky man, yes, I am
Living in Heaven down here on earth
Her Tennessee smile drives me wild
Dont you know, I know what its worth
Shes every little thing in life that makes me feel good

Chorus:

Shes my radio turned up to 11
Shes my country song that I just gotta sing along to
So fine, so fine, like the finest wine
Shes my blue-eyed dream, my summer queen
I cant believe shes mine, all mine
Mine, all mine, all mine
Mine, all mine, all mine

That cool breeze kiss from her lips
Is what Im missing when Im gone
To tell the truth my heart's shot through
When it comes to love, she can do no wrong
Shes every little thing in life that makes me feel so good

Repeat Chorus

Whoa, oh, whoa, oh, oh
She got my heart skippin a beat
Whoa, oh, whoa, oh, oh
She got me dancin in the street

Repeat Chorus

Mine, all mine, all mine
