

# Without You

Keith Urban

Oh girl, you get to me in a way I can't believe  
I need you and who knows where just friends ends  
When you cross that line and love begins  
In over my head and the water's turnin' blue

But what would I do without you  
What would I do without you

Hearts never know the way they want to go and want to stay  
We need two but in time you find the road  
And though inside you know you've gotta go  
The hardest part I find is you're all I ever knew

But what will I do without you  
What will I do without you

I gotta break these habit chains I put on me  
And be all that I can be, try and find what I need  
Memories suspend in time, all the days when you were mine  
And the chance I took to move, one I thought I'd never do

But I made it through without you  
I made it through without you

From what would I do without you  
To I made it through without you, without you

From what would I do without you  
To I made it through without you, without you

From what would I do without you  
To I made it through without you, without you
