

# I've Got The Heart For You

Keith Whitley

Now I ain't got the money buy you things to try and win your love

But I've got the kind of tender you been dreamin of

Ain't got the words honey silence's so sweet to talk you ain't you bein' mine

But I can give you somethin' that come from inside

I've got the heart for you one that's guaranteed to always be true

If you're looking for the real thing I've got the heart for you

Now I ain't got the power takin' the moon and lay it at your feet

But I've got what you been missin' to make your nights complete

No I ain't gonna try steal your love just to prove I could

Cause when it comes to you girl I need you make it for good

I've got the heart for you...

Oh you have been fool by love before

But this time right one knockin' at your door girl

I've got the heart for you...

I've got the heart for you I've got the heart for you

I've got the heart for you
