

# Tennessee Courage

Keith Whitley

When they're at the bar, I'll be there on the stool  
And forget all my cares in a hurry  
And it's my belief that I'll find relief  
In a bottle of Tennessee courage.

Her memory keeps waitin' in the light every night  
Alone with the last of my always  
But I'll never crawl, I can hold love from wall  
With the help of some Tennessee courage.

Now my good friend Jack Daniels stands tall on the shelf  
And he'll go to war with my troubles  
And he'll never desert this old friend when I'm hurt  
And needin' some Tennessee courage.

It's straight ninety proof can all turn to truth  
The hair on your chest in a hurry  
I know I'll survive praise help from the wife  
With the help of some Tennessee courage.

Now my good friend Jack Daniels stands tall on the shelf  
And he'll go to war with my troubles  
And he'll never desert this old friend when I'm hurt  
And needin' some Tennessee courage.

No he'll never desert this old friend when I'm hurt  
And needin' some Tennessee courage.

So pour me some Tennessee courage...
