

# Heartless

Keke Palmer

You never took our love too seriously  
You were just too good at pretending  
It was all about you always hurting me  
I never once start of complaining  
Been doing this for so long, and  
Tired of hearing the same song  
You got me done tryina talk  
Every time your mouth moves  
It's lies lies lies lies  
Heartless, heartless  
You can't help it  
Your life is so selfish  
Heartless, heartless  
You know, you know you hurt me  
Heartless, heartless  
Don't know what to do  
Heartless  
I just can't do this anymore  
Oh ooh, heartless

Everyone knew I was too good for you  
But you wouldn't even understand that  
It was never in your nature to be true  
To know just I couldn't face it  
Been doing this for so long, and  
Tired of hearing the same song  
You got me done tryina talk  
Every time your mouth moves  
It's lies lies lies lies  
Heartless, heartless  
You can't help it  
Your life is so selfish  
Heartless, heartless  
You know, you know you hurt me  
Heartless, heartless  
Don't know what to do  
Heartless  
I just can't do this anymore  
Oh ooh, heartless

You know you're just too stuck on yourself  
Maybe you'd be better for someone else  
Got no time for wishing for something else  
Will never be  
It's time for me to let you be what you'd be  
Baby, you can be the one that got away, away  
Cause you're heartless  
Oh ooh, no no  
Heartless, heartless

Heartless, heartless  
You can't help it  
Your life is so selfish  
Heartless, heartless  
You know, you know you hurt me  
Heartless, heartless  
Don't know what to do

Heartless

I just can't do this anymore

Oh ooh, heartless
