

If 6 Were 9

Keke Palmer

From the way that you style
To the things you do
You could be miles away
I'd still feel close to you
Your heart and my heart
Boy you know they came in 2's
Long as I got you in my corner I can't lose

Circumstances couldn't change a bit
Nothing matters to love

If night were day
Even if I was down
If the sky were gray
I'd always be around

We'd be fine
If 6 were 9
We'd be fine
If 6 were 9
Wouldn't make a difference to me
If they change everything
We'd be fine
We'll be alright
If 6 were 9

From the day that I met you
It's been all bout you
But there's nobody better
If it takes brand new
Your heart and my heart
Boy you know they came in 2's
Long as I got you in my corner I can't lose

Circumstances couldn't change a bit
Nothing matters to love

If night were day
Even if I was down
If the sky were gray
I'd always be around

We'd be fine
If 6 were 9
We'd be fine
If 6 were 9
Wouldn't make a difference to me
If they change everything
We'd be fine
We'll be alright
If 6 were 9

If left were right oh oh
If left was right oh oh oh
We'd be fine
We'll be fine
We're alright

6 were 9

If night were day
Even if I was down
If the sky were gray
I'd always be around

We'd be fine
If 6 were 9
We'd be fine
If 6 were 9
Wouldn't make a difference to me
If they change everything
We'd be fine
We'd be fine
If 6 were 9
