Keke Palmer

I'm sitting on top of the world
I'm sitting, I'm sitting on top of the world

Got me feeling so good
Everything's on my side
Nothing I can do now but to smile
I wouldn't change it if I could
I don't like wasting time
I rather stand in the sunshine

Too young for worrys on my mind
Can't say a thing to take this feeling away

Ain't nothing gonna bring me down (Oh no)
I'm sitting on top of the world
I got my girlfriends with me yeah (Uh huh)
It's all the work is about
I'm sitting on top of the world
I'm sitting on top of the world

It's too easy to be kind
Not hard to walk away
Too complicated isn't my style
When I open up my arms to another day
I know I can get the rift if I just try
Too young for worrys on my mind
Can't say a thing to take this feeling away

Ain't nothing gonna bring me down (Oh no)
I'm sitting on top of the world
I got my girlfriends with me yeah (Uh huh)
It's all the work is about
I'm sitting on top of the world
I'm sitting on top of the world

Some birds were meant to fly so high
You'd almost swear they touch the sky
Here with my girls, the world desire to leave me Ain't nothing, nothing

Ain't nothing gonna bring me down (Oh no)
I'm sitting on top of the world
I got my girlfriends with me yeah (Uh huh)
It's all the work is about
I'm sitting on top of the world
I'm sitting on top of the world

I'm sitting on top of the world (Uh huh ooh wahh)
I'm sitting, I'm sitting on top of the world (No)
I'm sitting
