

# Pressure

Keke Palmer

I don't think that I'm ready now  
What he bringing now  
Damn he bringing now

He applying that pressure  
He bringing that pressure  
He say he see what he wanting  
He won't stop until he get it  
He applying that pressure  
He bringing that pressure  
So deep, I can't say I'm ready now

He want me to believe him  
But I can just see that  
The moment that I let him get up in my heart and into my mind  
Then I'm completely gone  
Yeah, thug is my weakness  
He bring out my freakness  
I see all these niggas but I never like them regulars  
I just never had an interest in them amateurs  
Sometimes when you're deep in  
You're getting all underneath it  
That's when you find it's not your heart  
It's your mind that's the weakness  
And maybe that is the part I'm not ready for  
I'm sure you're lit tonight  
Show me a real good time  
That don't mean your love and protection, affection  
Its gon' be alright

He applying that pressure  
He bringing that pressure  
He say he see what he wanting  
He won't stop until he get it  
He applying that pressure  
He bringing that pressure  
So deep, but I can't say I'm ready now

If you know the pain my heart and I have seen before  
Then you understand  
Sometimes I need a girlfriend to be the only someone that I'm fucking  
Sometimes I need a real nigga from a real city with some real dick  
I know I'm complicated so if you could steal my heart you lucky  
I need to talk to someone who can handle these facts  
And I ain't gotta worry looking over my back  
See I done have my own share of hurt, and dammit I cried with it  
See I got a little bit of baggage but nigga I'm fine with it  
So before we hit the lights, you gotta recognize these signs  
Putting in the gas 'fore this motherfucker take flight  
And your turbulence becomes too much

He applying that pressure  
He bringing that pressure  
He say he see what he wanting  
He won't stop until he get it  
He applying that pressure  
He bringing that pressure

So deep, but I can't say I'm ready now

I mean, I really like you  
But there's just some things that I  
I'm really not sure about at this point  
I really been through a lot  
So deep, I don't think I'm ready now  
Sometimes you just wanna get  
You wanna get to the place where  
Where you not dealing with people that's gonna hurt you all the time  
You wanna know yourself enough to  
To really know what it is  
So deep, I don't think I'm ready now  
What you looking at when you see what you want  
I don't know  
I don't know  
So deep, I don't think I'm ready now

He applying that pressure  
He bringing that pressure  
He say he see what he wanting  
He won't stop until he get it  
He applying that pressure  
He bringing that pressure  
So deep, but I can't say I'm ready now
