

# Rainbow

Keke Palmer

We were so close, like to swords in one heart.  
But you're giving me this feeling that we're drifting apart.  
You don't come to me like you use to, and I don't cry on ya shoulder.  
I'm trying to understand this before darkness takes over.

Did we lose touch cause' I didn't show you love.  
Did I say to much, or didn't I say enough?  
Did I let you down last time you came around?  
I hate to see you pull away.

It's like our rainbow's fading to black and white.  
And I just don't know what we have to fight.  
Do we have a problem, can we resolve it,  
is it something that we gotta talk about,  
can we figure it out?  
Cause' if we can't work it out make it right,  
our rainbow's gonna turn to black and white.

The distance between us is growing everyday.  
Feeling up with words we had no chance to say.  
What we had was like magic,  
we always thought the same thing.  
I'm afraid we might lose that,  
the colors are always changing.

Did we lose touch cause' I didn't show you love.  
Did I say too much, or didn't I say enough?  
Did I let you down last time you came around?  
I hate to see you pull away.

It's like our rainbow's fading to black and white.  
And I just don't know what we have to fight.  
Do we have a problem, can we resolve it,  
is it something that we gotta talk about,  
can we figure it out?  
Cause' if we can't work it out make it right,  
our rainbow's gonna turn to black and white

Raaaainboow, the chase has turn to black and white,  
every color disappears when you're not here  
Our rainbow turns to black and white,  
can we resolve it, we gotta get over it
