Keke Palmer

Dancin' with my hood on  
Skippin' to the same song  
Everytime the speakers pump  
I get lost in the zone, zone

I've been goin' so hard  
Hard just like a soldier  
That I can tell [?]

So while I do it this way  
And not, not that way  
Cause I just can't take another heartbreak

Inside of all this [?]  
It's nothin' but [?]  
But I'm safe in here, baby  
I'm safe in here

Under the spotlight  
Under the spotlight  
You know I'm alright  
Under the spotlight

Everyday's the same thing  
[?]  
Givin' you a heart attack  
I'm dancin' on the ceiling

Bet you thought I had strings  
Didn't know I had wings  
Driftin' up into the sky  
So I can be the queen

So while I do it this way  
And not, not that way  
Cause I just can't take another heartbreak

Inside of all this [?]  
It's nothin' but [?]  
But I'm safe in here, baby  
I'm safe in here

Under the spotlight  
Under the spotlight  
You know I'm alright  
Under the spotlight
