

Top Of The World

Keke Palmer

Got me feelin so good
Everything's on my side
Nothin I can do now but just smile
I wouldn't change if it I could
I don't like wastin time
I'd rather spend it in the sunshine

Too young for worries on my mind
Can't say a thing to take this feeling away

Ain't nothin gonna bring me down (oh no)
I'm sittin on top of the world
I got my girlfriends with me, ya
It's all gonna work itself out (Uh huh)
I'm sittin on top a the world
I'm sittin on top a the world

It's too easy to be kind
Not hard to walk away
Too complicated isn't my style
When I open up my eyes
To another day
I know I can get there If I just try

Too young for worries on my mind
Can't say a thing to take this feeling away

Ain't nothin gonna bring me down (oh no)
I'm sittin on top of the world
I got my girlfriends with me, ya
It's all gonna work itself out (Uh huh)
I'm sittin on top a the world
I'm sittin on top a the world

Some birds were meant to fly so high
You'd almost swear they touch the sky
Here with my girls the world is ours
So believe me ain't nothing nothing no

Ain't nothin gonna bring me down (oh no)
I'm sittin on top of the world
I got my girlfriends with me, ya
It's all gonna work itself out (Uh huh)
I'm sittin on top a the world
I'm sittin on top a the world
