

# Call On Me

KeKe Wyatt

Oh baby, oh baby, oh baby, oh baby  
If you ever need someone that you can put your trust in  
If you ever need someone that you can call a true friend (yeah,  
yeah, yeah, yeah)  
If you ever need to have a shoulder just to cry on (just to cry  
on)  
Baby, just believe in you know in me, you can rely on

If you just call on me (if you just call on me)  
I will come running to you  
Whatever you need baby, i'll give it to you

I'll give it you baby  
Do you hear me  
Do you hear me  
Let me finish baby

Now see if you need someone to love you all through the night (  
just call me)  
And baby if you need someone to hold you oh so tight  
If you feel the need to talk about things you don't understand  
Let me be the one you call i reach out my hand to you

I'll give you my love (love, love)  
I'll give you my peace (peace, peace)  
I'll give you my time (time, time)  
I'll give you everything you need  
(I'll give you every single thing you need)  
I'll give you my love (my love)  
I'll give you my joy (joy, joy)  
I'll give you my life (my life, my life)  
I'll give you everything you need, you need  
(I'll give you every single thing you need)

[Chorus until fade]
