

Got Me One (Good Man)

KeKe Wyatt

Never had one always wanted one good man
Just like every girl around the world wants a good man
So we hold on cos we know hes out there
Taking so long but I know hes out there

Seems like every man I talk to me
Dont know nothing bout nothing
I dont mind being from the streets
But he gotta treat me like something
But now its algood
Everythings algood

I finally got me one
Found the special one
Thought I'd never find
Search my whole life for
Someone who needs me as much as I need them
& someone who treats me as good as I treat them
So I'm gone keep this one
I'm telling you he loves me
He loves me ohh
Finally got me one

I be fussing I be trippin'on this good man
But then I catch myself cos I know he is a good man
He dont boss much but he boss up when he got to
I dont cost much but he when he got to yeaahh

Now everytime my girls talk to me
I dont gotta worry bout nothing
I dont mind him beign from the streets
Cos he only treat me like something
& its so good
It feels so good
Everythings all good

I finally got me one (finally done got me one)
