Falling Down

It's so cold in this room
And I'm trapped inside your heart all by myself
All alone, in your sea
And I'm sinkin' like a ship I'm going down

I don't wanna live my life without you
The hardest thing I'd ever do is
Tryin' to pick myself up up off the ground

Try to outrun all the memories
But I keep falling down I keep falling down
It's like you still got a hold of me
Cause I keep falling down I keep falling down

I can't sleep I can't dream
Cause your scent's still here
On the pillows in my bed, in my bed
And this pain's so insane
I'm still haunted by the stupid things
I said all the things I said

I don't wanna live...

Try to outrun...

How do I let me go
I know I should move on
But without you I don't know where I belong
Every where I go
Every happy face I see
It reminds me of the way it used be

Try to outrun...

I keep falling down (4x)
