

## Doubt

Kele

Sometimes I doubt  
But I get down on one knee  
I get down on one knee, I don't pray  
But it comes by, I go down  
I get so lost, in my own problems

Soon crouch, ride  
But I get down on one knee  
I get down on one knee, I don't pray  
Around into me, time by down  
And I get so lost, in my own problems

And I think if you  
With your love I service  
Tell me do you feel the way I know?  
With your love I promise  
Help me get back to my home  
With your love I service  
Tell me do you feel the way I know?  
With your love I promise  
Help me get back to my home  
With your love I service  
Tell me do you feel the way I know?  
With your love I promise  
Help me get back to my home
