

Go All Night

Kelela

Stayed up talkin' all night
Take my body, it's so right
Tired, but we go all night
Baby i'll roll, pass the blunt
(2x)

Let me roll
We pull up to my place
But I can't get out the car
Asked ya if ya coming
I know you're driving far

Sitting on the couch
My hearts beating out of my chest
I can't take no more
Gonna put this thing to rest

Then you reached out

Stayed up talkin' all night
Take my body, it's so right
Tired, but we go all night
Baby i'll roll, pass the blunt
(2x)

Now we smokin up bae
Now we smokin up baby
Now we smokin up baby
Now we smokin up
?? I hold it all in
I tried to fight it
??
I let it out

Stayed up talkin' all night
Take my body, it's so right
Tired, but we go all night
Baby i'll roll, pass the blunt
(2x)
