Kelis

What is this?
I have no idea
Okay welcome, follow come in okay single file, watch your step,
Welcome to Kelis's world
You've entered?
Don't touch that!...

Yesterday, we were born
We took your stereos by storm
In just one day,
Through all the scorn and the hate we'll penetrate your homes and domes
With just one take
And now we're here let the games begin
Get ready, start, let's play
We'll win this race

This is the new beginning
The empire strikes back
Learn from losing
Cherish winning
Forever
