

Gate Crashers Suck

Keller Williams

I was there at Deer Creek back in 1995
I think it was June maybe July
But Jerry was still alive
All the kids in that parking lot
They tore that fence down
And I blamed them
For the second show getting cancelled.
I really wanted to go
I saved up all of my dough
I didn't go to any other shows
And I got my tickets M.O.ed
And I never missed a Deer Creek show
From '89 to '95
I was happy just to be alive
On my yearly Indiana vacation
But that was cut short by a bunch of jealous,
Party bashin', buzz thrashin', gate crashin', stinky bastards
And if you're one of them
And you hear this song
Fuck you
You cock sucking motherfucker
Fuck You
You cock sucking motherfucker
Fuck You
