

Kidney In A Cooler

Keller Williams

Workin' the schedule, sufficient coolant leak
We thought we were doin' the right thing
Well ya cannot be too picky, in Cheyenne on a Sunday
And up walked a mechanic with perpendicular teeth
Perpendicular teeth x 8

By the seventeenth hour, they pulled us up in the 'bayg
and funky tooth started diggin' down under the hood
After clearin' a path to the water pump, and takin' a four hour break,
By hour 27 we were all good, And we sailed
From little America
From little America
From little America
From little America
From little America
From little America
From little America
From little America

Only 2 days later, on the way down to Deep Elum,
We broke down in Oklahoma, where the wind come behind the rain
We got towed to a town called Perry, where a woman's car took priority
She had a Kidney In A Cooler, so two nights we had to stay so she could
Deliver the Kidney
Deliver the Kidney
Deliver the Kidney
Deliver the Kidney
Deliver the Kidney
Deliver the Kidney
Deliver the Kidney
Deliver the Kidney

If you go down to Deep Elem, down to the gypsy tea room, tell em
Mama broke down in Perry and I'll try to make it back soon
Oh, sweet mama, your daddy got them Deep Elem Blues
Oh, sweet mama, well your daddy got them Deep Elem Blues

Well I know I'll be payin', for the conquest life she threw,
Unrealistic maybe, but there's somethin' I got to do, I need
A big ass bus with a satellite dish, a double decker double wide,
What I wish, I dream of it, oh it must be true

Double Decker Double Wide
Double Decker Double Wide
Double Decker Double Wide
Double Decker Double Wide
Double Decker Double Wide
Double Decker Double Wide
Double Decker Double Wide
Double Decker Double Wide

It's gonna have two ice makers, in both refrigerators, a silent but violent
generator, to run the subwoofers and the disco ball, and the escalator
up to the dance hall, On the second floor with a giant skylight, A drivin'
range and jacuzzi just right, for skinny dippin' right after the show,
At 80 miles an hour, it's worth all the dough

Until then, I'll stand on the corner with a sign,
Says, I will work for my Double Decker Double Wide

My Double Decker Double Wide
Double Decker Double Wide
Double Decker Double Wide
Double Decker Double Wide
Double Decker Double Wide
Double Decker Double Wide
Double Decker Double Wide
Double Decker Double Wide

Perpendicular Teeth, Little America, Deliver The Kidney, In my
