

Rockaway (The Rockin' Chair Song)

Kellie Pickler

I've been sitting watching our love grow you know
It doesn't seem like it was long ago
When you carved our names in these old chairs of oak
Soakin' up Heaven countin' all the stars
Talkin' 'bout babies how the future ain't so far
I hope they have your brown eyes and forever loving heart

Don't stop rockin' with me baby
Without you it wouldn't be the same
Don't stop rockin' with me baby rockaway
Just rockaway

The lights like an ocean off of our front porch
Movin' like waves swayin' back and forth
Right now babe I swear I couldn't love you anymore
So

Don't stop rockin' with me baby
Without you it wouldn't be the same
Don't stop rockin' with me baby rockaway
Just rockaway

I whisper this rockin' chair prayer of the night
If yours is ever empty let mine not be far behind

Don't stop rockin' with me baby
Without you it wouldn't be the same
Don't stop rockin' with me baby rockaway
Just rockaway

Don't stop rockin' with me baby
Without you it wouldn't be the same
Don't stop rockin' with me baby rockaway
Just rockaway
