

# Unlock That Honky Tonk

Kellie Pickler

Somebody call Johnny McGee  
I know he's got the key  
You tell him that it's me  
And to get out of that bed  
Tell him that I'm serious  
Don't make me have to go and cuss  
I'm already fired up enough  
You tell him that I said

Unlock that honky tonk  
Boy turn them neons on  
Go and get the good stuff out  
I'm bringing a party crowd  
Don't need no trouble man  
Just need a smoking band  
I don't tell me country's gone  
Cause ima have to tie some on

Unlock that honky tonk  
You tell 'em call Kristi Lynn  
That girl can really bartend  
She knows how to make some rhyme  
We don't wanna have to wait  
So

Unlock that honky tonk  
Boy turn them neons on  
Go and get the good stuff out  
I'm bringing a party crowd  
I don't need no trouble man  
Just need a smoking band  
Don't tell me country's gone  
Cause ima have to tie some on  
Unlock that honky tonk

Tell 'em I know it's tuesday night  
We can't wait till friday  
And I'd hate to wanna have to fight

Unlock that honky tonk  
Boy turn them neons on  
Go and get the good stuff out  
I'm bringing a party crowd  
I don't need no trouble man  
Just need a smoking band  
Don't tell me country's gone  
Cause ima have to tie some on

Unlock that honky tonk  
Boy turn them neons on  
Go and get the good stuff out  
I'm bringing a party crowd  
I don't need no trouble man  
Just need a smoking band  
Don't tell me country's gone
