- 1. He drowns in his dreams
 An exquisite extreme, I know
 He's as damned as he seems
 And more heaven than a heart could hold
 And if I tried to save him
 My whole world could cave in
 It just ain't right, it just ain't right
- R: Oh and I don't know
 I don't know what he's after
 But he's so beautiful
 Such a beautiful disaster
 And if I could hold on
 Through the tears and the laughter
 Would it be beautiful?
 Or just a beautiful disaster?
- 2. He's magic and myth
 As strong as what I believe
 Asstrong as what I believe
 A tragedy with
 More damage than a soul should see
 And do I try to change him
 So hard not to blame him
 Hold me tight baby hold me tight
- R: Oh and I don't know...

I'm longing for love and the logical But he's only happy hysterical I'm waitin' for some kind of miracle Waiting so long, So long

He's soft to the touch
But frayed at the end he breaks
He's never enough
And still he's more than I can take

R: Oh and I don't know...

He's beautiful Lord he's so beautiful He's beautiful
