Blue Christmas

Kelly Clarkson

I'll have a Blue Christmas without you I'll be so blue just thinking about you Decorations of red on a green Christmastree Won't be the same dear, if you're not here with me

And when those blue snowflakes start fallin' That's when those blue memories start callin' You'll be doin' all right, with your Christmas of white But I'll have a blue, blue, blue, blue Christmas

And when those blue snowflakes start fallin' That's when those blue memories start callin' You'll be doin' all right, with your Christmas of white But I'll have a blue, blue, blue, blue Christmas
