Can I Have a Kiss

Excuse me for this

Kelly Clarkson

I just want a kiss I just want to know what it feels like to touch Something so pure Something I'm so sure of What it feels like to stand outside your door I'm unworthy I can see you're above me But I can be lovely given the chance Don't move I want to remember you just like this Don't move It's only a breath or two between our lips I know why you left I can't blame you myself Must be hard living with ghosts and such an empty shell I tried to warn you I've been a mess since you've known me I can't promise forever But I'm working on it If I can't hold you Can I give you a kiss Can I have a kiss I see that you're torn I've got some scars of my own Seems I want what I know is gonna leave me hungry Don't move I need to remember you just like this I know why you left I can't blame you myself Must be hard living with ghosts and such an empty shell I tried to warn you I've been a mess since you've known me I can't promise forever But I'm working on it If I can't hold you Can I give you a kiss Can I All I have All I can give to you I will Just promise this If I can't have forever Can I have a kiss I know why you left I can't blame you myself Must be hard living with ghosts and such an empty shell I tried to warn you I've been a mess since you've known me I can't promise forever But I'm working on it

If I can't hold you Can I give you a kiss Can I give you a kiss Can I, can I Can I have a kiss
